

SATISHBABU DESHMUKH
Conservation Architect

CA/2018/99898

Profile

I was formally trained as an architect and am constantly inspired by historic structures, so I have a deep grasp of both built and unbuilt spaces. This made me more conscious of the human experience and psychology that surrounds the structures, making me more sensitive to the architecture and its power. I had the privilege of studying in Bijapur and Delhi, which provided me with exposure to old cities and their architecture. These cities helped to pave the path for a deeper knowledge of culture and architecture. And with this brief explanation, I wish to contribute to the fields of architecture and conservation, where I have acquired extensive training.

Address:

S/o Shrishail Deshmukh, Plot No 72,
Anand Nagar, Opp BLDEA Engg
College, Ashram Road, Vijayapura –
586103
